Crack a Window, Not Your Wallet: 12 Easy ways to Save Energy and money this Summer in Canada – Energy Saving Tip Number 10

Monitor Your Usage Like a Pro

Knowledge is power-especially when you're tracking where it's going.

- Invest in a plug-in energy monitor to check which devices are draining power.
- Use a smart thermostat or hydro app to track energy use in real-time.
- Unplug “phantom” devices like chargers, gaming consoles, and microwaves when not in use.

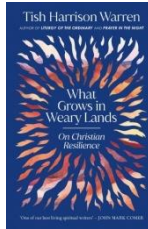

Cool tech: Smart power bars can cut power to idle electronics automatically.

From Reverend Michael

Today we welcome our new Associate Priest, the Rev. Dr. Amy Pauley, as our celebrant and preacher. Amy+ and Michael+ will be trading places every second Sunday of the month.

Rector's Book Study Begins
Tuesday, September 29th at 2pm, and we will be reading *What Grows In Weary Lands: On Christian Resilience*, by Tish Harrison Warren.

Mark Your Calendar: Service of Choral Evensong here at All Saints on Sunday, 1st November, at 4pm.
